BOARDING

Yuppie Dog offers an alternative to traditional boarding that goes beyond fulfilling a dog's basic needs. Our facility was designed taking into consideration the safety and well being of your dog.

We have spacious Urban Lofts to provide your dog a comfortable space to spend the night. All lofts are air-conditioned. Our cooling system provides frequent air exchange allowing fresh air from the outdoors to circulate minimizing the risk of airborne bacteria.

Our facility has soundproof insulation that significantly reduces outside noise such as thunder and inside noise from other dogs.

Dogs who join us for overnight boarding will enjoy group playtime as well as pool time when available.

Although we highly recommend bringing your own dog food to avoid any digestive problems, we offer our guests premium dog food for a small fee.

Our primary focus is to give you peace of mind and offer our guests a clean, sanitized, safe and fun place to stay.

Stay at Yuppie Dog and sleep happy!
